The conditions apply on and after 1 July 2014 are as follows:

The registration of Bank of Baroda (New Zealand) Limited ('the bank') as a registered bank is subject to the following conditions:

1. That—
 - (a) the total capital ratio of the banking group is not less than 8 percent;
 - (b) the tier one capital ratio of the banking group is not less than 6 percent;
 - (c) the Common Equity Tier 1 capital ratio of the banking group is not less than 4.5 percent; and

 - (e) the process in Subpart 2H of the Reserve Bank of New Zealand document: "Capital Adequacy Framework (Standardised Approach)" (BS2A) dated July 2014 is followed for the recognition and repayment of capital.

For the purposes of this condition of registration, capital, the Total capital ratio and the Tier 1 capital ratio, and the Common Equity Tier 1 capital ratio must be calculated in accordance with the Reserve Bank of New Zealand document: "Capital Adequacy Framework (Standardised Approach)" (BS2A) dated July 2014.

- 1A. That—

In this condition of registration, the meaning of “material” is based on generally accepted accounting practice.

- 3. That the banking group's insurance business is not greater than 1% of its total consolidated assets.

For the purposes of this condition of registration, the banking group's insurance business is the sum of the following amounts for entities in the banking group:

- (a) if the business of an entity predominantly consists of insurance business and the entity is not a subsidiary of another entity in the banking group whose business predominantly consists of insurance business, the amount of the insurance business to sum is the total consolidated assets of the group headed by the entity; and
- (b) if the entity conducts insurance business and its business does not predominantly consist of insurance business and the entity is not a subsidiary of another entity in the banking group whose business predominantly consists of insurance business, the amount of the insurance business to sum is the total liabilities relating to the entity's insurance business plus the equity retained by the entity to meet the solvency or financial soundness needs of its insurance business.

In determining the total amount of the banking group's insurance business—

- (a) all amounts must relate to on balance sheet items only, and must comply with generally accepted accounting practice; and
- (b) if products or assets of which an insurance business is comprised also contain a non-insurance component, the whole of such products or assets must be considered part of the insurance business.

For the purposes of this condition of registration,—

Within the rating-contingent limit, credit exposures (of a non-capital nature and net of any allowances for impairment) to non-bank connected persons shall not exceed 15 percent of the banking group's tier 1 capital.

For the purposes of this condition of registration, compliance with the rating-contingent connected exposure limit is determined in accordance with the Reserve Bank of New Zealand document entitled "Connected Exposures Policy" (BS8) dated July 2014.

5. That exposures to connected persons are not on more favourable terms (e.g. as relates to such matters as credit assessment, tenor, interest rates, amortisation schedules and requirement for collateral) than corresponding exposures to non-connected persons.

7. That no appointment of any director, chief executive officer, or executive who reports or is accountable directly to the chief executive officer, is made in respect of the bank unless:

 - (b) the Reserve Bank has advised that it has no objection to that appointment.
8. That a person must not be appointed as chairperson of the board of the bank unless:
 - (a) the Reserve Bank has been supplied with a copy of the curriculum vitae of the proposed appointee; and

 - (c) the one-year core funding ratio of the banking group is not less than 75 per cent at the end of each business day.

For the purposes of this condition of registration, the ratios identified must be calculated in accordance with the Reserve Bank of New Zealand documents entitled "Liquidity Policy" (BS13) dated July 2014 and "Liquidity Policy Annex: Liquid Assets" (BS13A) dated December 2011.

12. That the bank has an internal framework for liquidity risk management that is adequate in the bank's view for managing the bank's liquidity risk at a prudent level, and that, in particular:

“covered bond” means a debt security issued by any member of the banking group, for which repayment to holders is guaranteed by a SPV, and investors retain an unsecured claim on the issuer.

14. That-

- (a) no member of the banking group may give effect to a qualifying acquisition or business combination that meets the notification threshold, and does not meet the non-objection threshold, unless:
 - (i) the bank has notified the Reserve Bank in writing of the intended acquisition or business combination and at least 10 working days have passed; and
 - (ii) at the time of notifying the Reserve Bank of the intended acquisition or business combination, the bank provided the Reserve Bank with the information required under the Reserve Bank of New Zealand Banking Supervision Handbook document “Significant Acquisitions Policy” (BS15) dated December 2011; and
- (b) no member of the banking group may give effect to a qualifying acquisition or business combination that meets the non-objection threshold unless:

 - (iii) the Reserve Bank has given the bank a notice of non-objection to the significant acquisition or business combination.

For the purposes of this condition of registration, “qualifying acquisition or business combination”, “notification threshold” and “non-objection threshold” have the same meaning as in the Reserve Bank of New Zealand Banking Supervision Handbook document “Significant Acquisitions Policy” (BS15) dated December 2011.

- 15. That for a loan-to-valuation measurement period, the total of the bank’s qualifying new mortgage lending amounts must not for residential properties with a loan-to-valuation ratio of more than 80% exceed 10% of the total of the qualifying new mortgage lending amounts arising in the loan-to-valuation measurement period.
- 16. That the bank must not make a residential mortgage loan unless the terms and conditions of the loan contract or the terms and conditions for an associated mortgage require that a borrower obtain the bank’s agreement before the borrower can grant to another person a charge over the residential property used as security for the loan.
- 17. That the bank must not permit a borrower to grant a charge in favour of another person over a residential property used as security for a residential mortgage loan unless the sum of the lending secured by the charge and the loan value for the residential mortgage loan would not exceed 80% of the property value of the residential property when the lending secured by the charge is drawn down.
- 18. That the bank must not provide a residential mortgage loan if the residential property to be mortgaged to the bank as security for the residential mortgage loan is subject to a charge in favour of another person unless the total amount of credit secured by the residential property would not exceed 80% of the property value when the residential mortgage loan is drawn down.

BANK OF BARODA (NEW ZEALAND) LIMITED**NOTES TO THE FINANCIAL STATEMENTS**

For the three months ended 30 June 2014

1. STATEMENT OF ACCOUNTING POLICIES**Statutory base**

These financial statements have been prepared and presented in accordance with the Order and the Reserve Bank Act.

These financial statements have been prepared in accordance with Generally Accepted Accounting Practice in New Zealand ("NZ GAAP"), as appropriate for profit-oriented entities, and the New Zealand equivalent to International Accounting Standard ("NZ IAS") 34 *Interim Financial Reporting* and should be read in conjunction with the Disclosure Statement for the year ended 31 March 2014.

These financial statements comply with International Accounting Standard 34 *Interim Financial Reporting* as issued by the International Accounting Standards Board.

These financial statements were authorised for issue by the Board on 14 August 2014. The Board has the power to amend the financial statements after they are authorised for issue.

Basis of preparation

These financial statements are based on the general principles of historical cost accounting, as modified by fair value accounting for available-for-sale financial assets, financial assets and financial liabilities at fair value through profit or loss and all derivative contracts. The going concern concept and the accruals basis of accounting have been adopted. All amounts are expressed in thousands of New Zealand dollars unless otherwise stated.

The same accounting policies and methods of computation have been followed in preparing these financial statements as were used in preparing the Disclosure Statement for the year ended 31 March 2014.

Critical accounting estimates and judgements

The preparation of financial statements in conformity with NZ IFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Bank's accounting policies.

Estimates, judgements and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected. There have been no material estimates or judgements in the preparation of these financial statements. The information about estimates and assumptions in applying accounting policies that have the most significant effect on the Disclosure Statement are impairment allowance and deferred tax.
